

THE CITY'S FINANCES.

Committee on Finance Wrestles with Financial Estimates.

MOST OF THEM WILL BE SCALED.

The Necessity for Economy and Simplicity This Year—The Police Estimate Gets a Hard Knock—The Loans Taken Care of—The General Fund May Run Short.

The city council committee on finance held an important meeting last night in City Clerk Thoner's office, which was remarkably well attended, the only absentee being V. H. Bates. Besides Chairman Maxwell, the members on hand were Messrs. Otto, Weidbusch, Richards, Graham, Brock and Gruse. The purpose of the meeting was to consider and recommend appropriations for the various departments of the city government. The job is a big one and was not nearly completed at last night's meeting.

The committee came to order at 8 o'clock. City Clerk Thoner presented an estimate of the revenues for the present year, as shown in the table below. The revenues as estimated will amount to considerable over those of last year.

ESTIMATE OF REVENUES.

GENERAL FUND—	
Cemeteries	\$ 1,700 00
City property	500 00
Licenses	45,000 00
Miscellaneous	500 00
Railroad taxes	9,000 00
Taxes on city levy	113,016 45
Cash balance	2,672 25
Total	\$127,318 53

ESTIMATE OF EXPENDITURES.

GENERAL FUND—	
Police	\$ 7,000 00
Fire	12,000 00
Sanitation	14,000 00
Public works	13,000 00
Education	3,000 00
Relief	1,000 00
City property	1,000 00
City clerk	1,000 00
City engineer	1,000 00
City auditor	1,000 00
City assessor	1,000 00
City clerk	1,000 00
City engineer	1,000 00
City auditor	1,000 00
City assessor	1,000 00
Total	\$124,312 00

The subject of expenditures then came up and Mr. Gruse proposed that items that are absolutely necessary be first taken up.

On the question of salaries there was no discussion, the estimate of \$7,000 being granted by the committee.

For the payment of interest and redemption of bonds on the loan of 1877, \$12,000 was appropriated; loan of 1881, \$14,000 50; loan of 1885, \$13,000. These amounts were absolutely necessary, so there could be no scaling. Neither was there any discussion on the item of \$3,000 for the collection of taxes, the opinion being that the work could not be done for less.

The main street stone bridge items came in the necessary class and were not disturbed. The matter of the compromise loan came up, and it was decided to provide only for the payment of the interest which will amount to \$2,400. None of the compromise bonds will be redeemed this year.

The estimate made by the committee on scales next came up and did not escape unscathed. The committee asked for an appropriation of \$900, but the committee on finance thought \$750 would be sufficient, and made the appropriation at the latter figure.

The estimate from the committee on real estate did not fare any better. They asked for \$3,000 of which \$1,000 was to be for the purpose of making repairs on the city building. After considerable discussion the financiers cut the appropriation to \$2,500, and the repair fund will suffer that much.

The committee on cemeteries had prepared an estimate in which \$1,100 was wanted, but it was scaled and stands at \$1,000.

The prison estimate was for \$4,100. After much discussion by several members of the committee it was agreed to place the estimate at \$4,000.

The estimate made up by the committee on police, called for \$31,080 for the use of the police department during the present year, but it was early seen that it would not get through the finance committee, without considerable reductions. One item was \$3,740 for seven additional police officers, another \$300 for another horse for the patrol wagon, and \$500 for a house for the patrol wagon and horses. Mr. Gruse moved that the item of \$500 for a new house be substituted by the appropriation of \$100 for making changes in the present quarters so that the additional horse can be stabled. Mr. Richards thought that an appropriation of nothing would be better than one of \$100, as nothing could be done with that sum; he moved that \$500 be substituted for \$100, but as there was no second to his motion, the original motion came up and was passed. Previous to this the committee went over to the Atlantic engine house and made an examination of the premises. The item in the police estimate providing for an appropriation for seven additional police officers was next considered. Messrs. Gruse, Maxwell and Otto were opposed to the appropriation this year in view of the tussle the city will have in order to make both ends meet. Mr. Otto moved that the item for additional officers be not allowed. It prevailed without a dissenting vote. The item of \$22,000 for salaries of police officers was cut to \$21,500. The police estimate as amended by the finance committee stands at \$27,440.

The estimate of the markets committee was partially considered. This committee asks for an appropriation of \$6,175, of which \$3,500 is for necessary repairs on the Second ward market, and \$740 for repairs on Centre market. The finance committee was not disposed to allow the estimate to stand. Several members objected to the large amounts asked for repairs on the Second ward market, and seemed to think that necessary repairs could be done for a much less sum. It was finally ordered that the chairman of the committee on markets advertise for bids for the work of putting a new roof on the upper market house and report at the next meeting of the finance committee which will take place next Wednesday evening.

The departments yet to get appropriations out of the general fund are fire department, health and markets, which will no doubt more than exhaust the general fund. At last night's meeting the amount appropriated was \$124,312, as follows:

FAREWELL TO PROF. KROGH.

The Last Entertainment Under His Direction at Turner Hall.

Turner's hall. This was the last entertainment given under Prof. Krogh's direction, as he has resigned to go to Philadelphia, where he will have the same position with a larger Turnverein.

After several years there he has assurances of a position as physical teacher at Yale College.

Prof. Krogh's work as trainer here was shown in a very favorable light by the manner in which the following programme was rendered last evening:

- Overture.....Opera House Orchestra

- Running high and back jumping.....Opera House Orchestra
- Boys of the first and second classes.....Opera House Orchestra

Prof. E. W. Spoel acted as musical director, with his usual skill, and after the fine performance the floors were cleared and dancing filled several happy hours.

The proceeds go toward paying the expenses of the class to the national fest at Milwaukee this summer, and to the World's Fair.

Prof. Krogh came here four years ago next September. The classes have largely increased under his care, having nearly 200 members, of whom 130 are boys and girls. The South Park Turn Society, to which he goes in Philadelphia, has 700 pupils and members, of whom 300 are girls.

Professor Krogh was presented with a handsome book by the girls' class, and an original German poem was read by John Schenck, complimenting Professor Krogh, and expressing regret at his departure.

Another instructor will be furnished for the Wheeling school by the National Turners' society.

A BEAUTIFUL PARTY

Given by Mrs. Frank Hearne at Leatherwood Yesterday.

Yesterday afternoon from half past two to six o'clock Mrs. Frank J. Hearne entertained about fifty ladies at her elegant home at Leatherwood. The house was beautifully decorated, and music was furnished by the Premier banjo, mandolin and guitar club.

The entertainment was in all respects beautiful, delightful and novel, the feature, beside the delicate refreshments, being an amusement new to Wheeling society. This is called "book rebus." Quizzes are presented, from which the guests are to guess the names of the books, and a handsome prize is awarded to the one who guesses the most names correctly.

Mrs. Hearne's prize was as unique as beautiful—a pretty live canary bird in a golden cage, decorated tastefully with ribbons and flowers. It is seldom guests depart with pleasanter memories than did Mrs. Hearne's yesterday evening.
